Malpractice Policy -Exams 2024- 2025

Saint Benedict CVA

Malpractice Policy -Exams 2024-2025

Centre name	Saint Benedict CVA
Centre number	23354
Date policy first created	08/12/2023
Current policy approved by	Angela King
Current policy reviewed by	Lorna Cooper
Date of review	13/01/2025
Date of next review	13/01/2026

Key staff involved in the policy

Role	Name
Head of centre	Hazel Boyce
Senior leader(s)	Claire Groom - Deputy Headteacher Angela King - Senior Assistant Headteacher
Exams officer	Lorna Cooper
Other staff (if applicable)	

This policy is reviewed and updated annually to ensure that any malpractice at Saint Benedict CVA is managed in accordance with current requirements and regulations.

Reference in the policy to **GR** and **SMPP** relate to relevant sections of the current JCQ documents **General Regulations for Approved Centres** and **Suspected Malpractice: Policies and Procedures**.

Introduction

What is malpractice and maladministration?

'Malpractice' and 'maladministration' are related concepts, the common theme being that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations, and/or
- a breach of awarding body requirements regarding how a qualification should be delivered, and/or
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates, and/or
- compromises public confidence in qualifications, and/or
- compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate, and/or
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

Candidate malpractice

'Candidate malpractice' normally involves malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the completion of any examination. (SMPP 2)

Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre, or
- an individual appointed in another capacity by a centre such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice (regardless of how the incident might be categorised, as described in SMPP, section 19). (SMPP 2)

Purpose of the policy

To confirm Saint Benedict CVA:

- has in place for inspection that must be reviewed and updated annually, a written malpractice policy which covers all qualifications delivered by the centre detailing how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body; it must also acknowledge the use of AI (e.g. what AI is, when it may be used and how it should be acknowledged, the risks of using AI, what AI misuse is and how this will be treated as malpractice) (GR 5.3)

General principles

In accordance with the regulations Saint Benedict CVA will:

- take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after assessments have taken place (GR 5.11)
- inform the awarding body **immediately** of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- as required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the current JCQ document **Suspected Malpractice - Policies and Procedures** and provide such information and advice as the awarding body may reasonably require (GR 5.11)

Preventing malpractice

Saint Benedict CVA has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ document **Suspected Malpractice: Policies and Procedures**. (SMPP 4.3)
- This includes ensuring that staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance:
 - General Regulations for Approved Centres 2024-2-25
 - Instructions for conducting examinations (ICE) 2024-2025
 - Instructions for conducting coursework 2024-2025
 - Instructions for conducting non-examination assessments 2024-2025
 - Access Arrangements and Reasonable Adjustments 2024-2025
 - A guide to the special consideration process 2024-2025
 - Suspected Malpractice: Policies and Procedures 2024-2025 (this document)
 - Plagiarism in Assessments
 - AI Use in Assessments: Protecting the Integrity of Qualifications
 - Post Results Services June 2024 and November 2024
 - A guide to the awarding bodies' appeals processes 2024-2025

(SMPP 3.3.1)

Additional information:

Documentation is shared with teaching staff every year with updates highlighted to make sure that they know of any changes. Staff have had training on the range of AI outlets that a student may try to use and ways to spot if a student has potentially used AI in their work submission and how to respond.

Anywhere where a student has submitted work as their own text that has been created by AI and not referenced correctly is classed as plagiarism and malpractice. Any work produced by AI should be referenced as such clearly so that the assessor can clearly see what work should actually be awarded marks for. Students must not declare that their work is their own in any declaration if it is not.

Informing and advising candidates how to avoid committing malpractice in examinations/assessments

The JCQ Information to Candidates 2024/2025 is shared with both students and parents/carers in parents information evenings held in the Advent term. This information is also shared electronically and published on the schools website. Students and parent's/carers are reminded that as a centre we run all our PPEs following JCQ regulations and any malpractice during the PPEs is reported to parents/carers and sanctions issued.

Students are issued with all relevant warning documents prior to the exams, they are informed that these are also available on the school's website. Teachers also make students aware in their lessons prior to commencing any work for which it is relevant.

Students are made aware that if they use AI tools, they must reference them clearly

- o Name the AI tool used
- o Add the date that the content was generated
- o Explain how it was used
- o A screenshot of the questions asked and the answers you received

Students are made aware that they must only declare that work they have produced is their own.

The Warning to Candidates notice (effective from 1 September 2021) is printed on the reverse side of their examination timetables issued to candidates in advance of the timetabled examinations.

The relevant posters are displayed outside the examination room, and before the examination starts a senior member of our school staff or exam invigilator goes through the invigilator's announcement as suggested in the JCQ ICE booklet (appendix 3 page 65).

As artificial intelligence (AI) technology is rapidly evolving the JCQ AI Use in Assessments: Protecting the Integrity of Qualifications guidance is intended to provide teachers/assessors involved in delivering JCQ qualifications with the information they need to manage use of AI in assessments. This document has been shared with centre teaching staff involved in Non-Examined Assessments (NEAs) for General Qualifications, coursework and internal assessments to share with the students involved.

Students who misuse AI such that the work they submit for assessment is not their own will have committed malpractice, in accordance with JCQ regulations, and may attract severe sanctions

AI use in assessments

JCQ states -While the range of AI tools, and their capabilities, is likely to expand greatly in the near future, misuse of AI tools in relation to qualification assessments at any time constitutes malpractice.

AI misuse is where a student has used one or more AI tools but has not appropriately acknowledged this use and has submitted work for assessment when it is not their own.

Examples of AI misuse include, but are not limited to, the following:

- Copying or paraphrasing sections of AI-generated content so that the work submitted for assessment is no longer the student's own
- Copying or paraphrasing whole responses of AI-generated content
- Using AI to complete parts of the assessment so that the work does not reflect the student's own work, analysis, evaluation or calculations
- Failing to acknowledge use of AI tools when they have been used as a source of information
- Incomplete or poor acknowledgement of AI tools

- Submitting work with intentionally incomplete or misleading references or bibliographies.

JCQ AI use in assessments documentation has been shared with relevant teaching staff so they know the expectations. Staff are aware that assessments should be checked using software.

Staff are asked to randomly sample any work that has been produced using Technology, using any of the methods suggested by relevant exam boards.

Identification and reporting of malpractice

Escalating suspected malpractice issues

Once suspected malpractice is identified, any member of staff at the centre can report it using the appropriate channels. (SMPP 4.3)

Any suspected malpractice issues should be escalated to the Senior Assistant Headteacher/Line manager for exams. All incidents of suspected malpractice will be investigated immediately.

Reporting suspected malpractice to the awarding body

- The head of centre will notify the appropriate awarding body immediately of all alleged, suspected or actual incidents of malpractice, using the appropriate forms, and will conduct any investigation and gathering of information in accordance with the requirements of the JCQ document **Suspected Malpractice: Policies and Procedures** (SMPP 4.1.3)
- The head of centre will ensure that, where a candidate is a child or an adult at risk and is the subject of a malpractice investigation, the candidate's parent/carer/ appropriate adult is kept informed of the progress of the investigation (SMPP 4.1.3)
- Form JCQ/M1 will be used to notify an awarding body of an incident of candidate malpractice. Form JCQ/M2 will be used to notify an awarding body of an incident of suspected staff malpractice/maladministration (SMPP 4.4, 4.6)
- Malpractice by a candidate discovered in a controlled assessment, coursework or non-examination assessment component prior to the candidate signing the declaration of authentication does not need to be reported to the awarding body but will be dealt with in accordance with the centre's internal procedures. The only exception to this is where the awarding body's confidential assessment material has potentially been breached. The breach will be reported to the awarding body immediately (SMPP 4.5)
- If, in the view of the investigator, there is sufficient evidence to implicate an individual in malpractice, that individual (the candidate or the member of staff) will be informed of the rights of accused individuals (SMPP 5.33)
- Once the information gathering has concluded, the head of centre (or other appointed information-gatherer) will submit a written report summarising the information obtained and actions taken to the relevant awarding body, accompanied by the information obtained during the course of their enquiries (5.35)
- Form JCQ/M1 will be used when reporting candidate cases; for centre staff, form JCQ/M3 will be used (SMPP 5.37)
- The awarding body will decide on the basis of the report, and any supporting documentation, whether there is evidence of malpractice and if any further investigation is required. The head of centre will be informed accordingly (SMPP 5.40)

Additional information:

N/A

Communicating malpractice decisions

Once a decision has been made, it will be communicated in writing to the head of centre as soon as possible. The head of centre will communicate the decision to the individuals concerned and pass on details of any sanctions and action in cases where this is indicated. The head of centre will also inform the individuals if they have the right to appeal. (SMPP 11.1)

Additional information:

N/A

Appeals against decisions made in cases of malpractice

Saint Benedict CVA will:

- Provide the individual with information on the process and timeframe for submitting an appeal, where relevant
- Refer to further information and follow the process provided in the JCQ document **A guide to the awarding bodies' appeals processes**

Changes 2024/2025

Under headings **What is malpractice**, **Candidate malpractice**, **Suspected Malpractice** amended to reflect slight wording changes in SMPP.

Under heading **Purpose of the policy**: To confirm Saint Benedict CVA: has in place a written malpractice policy which covers all qualifications delivered by the centre and details how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body

(Amended to reflect the change in GR 5.3) To confirm Saint Benedict CVA: has in place for inspection that must be reviewed and updated annually, a written malpractice policy which covers all qualifications delivered by the centre detailing how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body; it must also acknowledge the use of AI (e.g. what AI is, when it may be used and how it should be acknowledged, the risks of using AI, what AI misuse is and how this will be treated as malpractice)

Under heading **General Principles**, bullet point amended to reflect the change in GR 5.11: take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after ~~examinations~~ assessments have taken place

Under heading **Preventing Malpractice**: Updated the list of JCQ documents.

Under the heading **Informing and advising candidates how to avoid committing malpractice in examinations/assessments** updated the prompt in the insert field to: Detail the process in your centre which confirms how, when and by whom candidates are informed and advised to avoid committing malpractice in examinations/assessments. Describe the process and also acknowledge the use of AI (e.g. what AI is, when it may be used and how it should be acknowledged, the risks of using AI, what AI misuse is and how this will be treated as malpractice). Confirm when this takes place and include the name(s) and/or role(s) of those staff involved in briefing candidates.

Centre-specific changes

Upon review in September 2024, no centre-specific updates or changes were applicable to this document.
